Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	am writing in support on this application I think in the 21st-century for these families to be homeless that's quite a disgrace if these people move onto the side of the road on to a private car park or field they are told to move via enforcement officers and police or have their homes and vehicle seized or arrested so they Move on and when they arrive to the next location the same procedure all over again with a never-ending effect these people have bought their own Land to live on Surely they are at least entitled to our own private home they are causing nobody hassle in the area and are a lovely Christian family that would do no harm to anybody I think it is crucial that these people get the planning on this land as if they do not get planning they Are forced back onto the side of the road with no educational facilities for the kids as they're moved on so frequently it would be impossible for the kids to get a education As well as many medical needs and basic facilities that the whole world has.

Kind regards
