Reasons for comment:

Comments: I [REDACTED] the Gravesham Grapevine an online Arts & Culture website dedicated to activities in Gravesham Borough. My involvement in this has introduced me to a great many of the borough's artists, writers and performers who are collectively giving their time and energy to enhancing the lives of the local population.

The LV21 is a hugely important cultural asset that has contributed enormously in bringing the quayside to life over the last few years and forms part of a valuable chain of venues along this stretch of riverside; the Mug & Meeple, The forthcoming Uber boat stop, The Three Daws, LV21, The Fourth Portal, that all contribute to elevating the energy and spirit of the Town.

Not only has it become a landmark venue it is also a literal physical landmark helping link Gravesham's maritime past and it's increasingly progressive future. It's central position is key to it's effectiveness as a learning resource and knowledge hub for school children who can easily walk through the pedestrianised heritage quarter and safely assemble in the Quayside Gardens away from busy traffic.

The LV21 is a wonderful asset that any Council would be proud to have in it's borough and it's current location should be supported and endorsed in it's planning application.

Kind regards
