Reasons for comment:	
Comments:	Being a member of the public we have prided ourselves on diversity and religious freedom especially in Gravesend where there are many prospering religious groups all within the same community working in unison to make sure that we as a whole are a functioning accepting community. This proposal should be accepted due to this fact as religion is such a big part of Gravesend and if it were not to be accepted would go against the values of the community we should be upholding.

Kind regards
