Reasons for comment:	
Comments:	I fully support the proposal for an agricultural building to house animals on Commodity Farm. As a rural community, we welcome local farming practices and strongly back British farmers. It's great to see land being used for genuine agricultural purposes rather than lost to development or unsuitable alternative uses. We are fortunate to live in a green area, and I am personally pleased to see it maintained for farming. This has my full support-100%!

Kind regards
