Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: I have lived opposite the proposed development for over [REDACTED] years. I have seen this magnificent building as a Berni Inn then a Beefeater sit down restaurant and bar. The building has been a focal point for neighbours, family and friends alike. Illuminated signage was installed when the Woodlands became a Beefeater. The signage was small and not too imposing, not too bright but with a yellow hugh. Above all the illuminations were always switched off when the restaurant and bar were closed.

There were no bright light visible from my front room nor my bedroom.

What guarantees can you give me that I will not have an overspill of bright lights from an imposing McDonalds M sign and other associated lighting striking brightness into my front room and bedroom ?
Can it be guaranteed that all the illuminated signage will be switched off when the establishment is closed ?

If you cannot guarantee any of the above then I would strongly object to this application and would appeal to the planning department to do the same.

Many thanks,

[REDACTED]

Many thanks,

Mrs Marilyn Melrose

Kind regards
