Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>This development would be purchased by people aiming to commute and would add little to the prosperity or community of Meopham.</p> <p>The village has severe infrastructure problems in areas of transport, education and medical facilities. Additional housing would adversely affect the present availability.</p> <p>Train services have been reduced since the pandemic and are now two trains an hour and a notoriously poor peak service. Over crowding is a key factor since all requests to the train operator to improve services have been ignored.</p> <p>The development is off country lanes and the increased traffic is likely to compound the already over crowded roads. These lanes feed into the A227 at junctions that are ill-equipped to handle additional traffic.</p> <p>Use of agricultural land continues to reduce the country's self-sustainability.</p>

Kind regards
