Reasons for comment:	
Comments:	Using Green Lane regularly as my commute route, it is already apparent that the copious amount of traffic using Meopham Parade and accessing all of the local schools and amenities, particularly at school dropping off and picking up times and the narrow width of Green Lane meaning that large vehicles cannot pass one another safely without one side of the traffic stopping, is a cause of concern, and an accident black spot. Adding in the region of 350 houses, and potentially 700+ cars to this equation is only going to increase the risk of there being a potential for a serious accident to occur.

Kind regards
