Reasons for comment:	
Comments:	Using Green Lane as the route of my daily commute from Meopham into Cobham I am already aware that this road is too narrow in places for two vehicles to pass causing pinch points along the Lane. Any additional traffic from a new development using the Lane as access to the A227 will only cause more delays, more traffic jams and potentially accidents, particularly at peak times around school pick up and drop off times. The parade of shops is already heavily oversubscribed. There is never enough parking available for the locals that are already living in the area to use the local shops and facilities.

Kind regards
