Comments Details

Commenter Type:	Consultee
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object on the grounds that this is using prime agricultural land and green belt land should never be used. I also feel the additional stress on overstressed local services such as GP, schools and hospitals in the area is unacceptable. We also told that water resources at times during the summer become overstretched yet additional houses bring additional stress on a supplies and sewage. I also object that the additional traffic due to extra cars, vans and lorries related to these new properties.
