Reasons for comment:

Comments:	I am opposed to this development as the sheer size of it, in combination with the other two current applications, would mean such a significant increase to the size of this village as to substantially change its character. The development would encroach on green belt land and extend the boundaries of the village of Meopham. Also local services are unlikely to be able to support it, as currently the doctors' surgery is very busy and it is extremely difficult to park near the shops. Although the A227 is a main road, most of the roads leading off it are country roads, often narrow and with no pavements, so the increase in traffic would pose a danger to pedestrians, cyclists and horse riders. In summary I believe this proposed development is totally out of character and inappropriate for this location.
