Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I strongly object to this application due to the below reasons:</p> <p>Meopham is a small rural village, which prides itself on having the community feel, the impact of the extra houses along with extra traffic from cars, delivery drivers etc will change this for everyone.</p> <p>The village already struggles with high volumes of traffic and also demands on the schools, shops, doctors.</p> <p>The area proposed is Green belt land, used to support British farming.</p> <p>Access to this site, is via small lanes, which will be ruined with the extra impact of traffic especially during the proposed build with large vehicles.</p> <p>Crossing Green land at the Wrotham road junction is already difficult, especially during school drop off/pick up time, extra will traffic will result in making the crossing dangerous for the school children and local parents who try to encourage walking to and from school.</p> <p>Building on this site will have a visual impact on all the residents, who brought houses at a premium, who overlook this site, as well as having a nega</p>
