## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I object to this application:</p> <ul style="list-style-type: none"><li>- this is close to a conservation area and on green belt land and contradicts the spirit of conserving a historic village centre and the preservation of agricultural land and the semi rural feel of the village</li><li>- the increased volume of traffic here near schools, foot traffic involving children on already busy road is a dangerous proposal. Any traffic calming measures will create tailbacks at rush hour especially. The road is already a pinchpoint at this time due to school traffic</li><li>- the population density will markedly increase encouraging foxes and change the makeup of the wildlife</li><li>- pressure will be placed on local GP practice and schools which are struggling to meet local requirements currently</li><li>- transport links such as bus routes are not frequent enough to support this and other proposed developments</li></ul>

Kind regards
