Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this development on the basis of the impact on the environment, the traffic and transportation with the proposed landscaping, the impact it will have on noise levels is of a concern along with the impact on the character and appearance of the village. The neighbouring properties will also be affected by means of privacy being disturbed. I have no issue with travellers as every body needs a home but this site is not suitable.

Kind regards
