Reasons for comment:	
Comments:	When will people wake up. What we should be doing is providing good local services to local people, especially the NHS, rather than cramming more and more people into one area. The local hospital cannot cope with capacity now, with queues in A and E of 0 to 18hours, who what is that doing to the health of our residents and the health of the doctors and nurses working in that arena. The GPs surgeries are full to capacity, trying to get an appt is so difficult. Surely we should be creating a green environment, but if you introduce more traffic onto our roads, this is going to lead to pollution and a situation whereby families are unable to get to school safely. Stop destroying our countryside, we will never get it back again.

Kind regards
