

20250604 Cobham House Winery

To whom it may concern

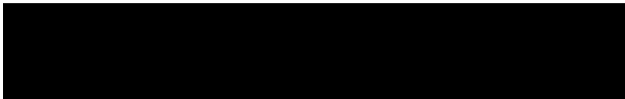

I am lodging an objection to the proposed winery development near the Cock Inn.

The access is steep, narrow and unsuitable for HGVs and Gold Street is a single lane with minimal room for manoeuvre. A full traffic assessment is essential.

I also object to the expected noise levels. I already hear glass movements from the pub, The Cock Inn. With 150,000 bottles expected annually this will cause a serious disturbance.

The landscaping will damage long views from Sole Street affecting our enjoyment of the countryside.

Sincerely

A solid black rectangular box used to redact the signature of the sender.
