Reasons for comment:	
Comments:	<p>Longfield Road is narrow, used by a high volume of traffic which already causes significant congestion particularly at the junction with the A227. Any additionally houses in this area would add further to the traffic pollution, congestion and road surface deterioration.</p> <p>There is a SEN school adjacent to the proposed development and the noise and disturbance of the proposed development would result in significant impact on the children who attend the school.</p>
