Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: I strongly object to the planning application to build 150 houses west of Norwood lane. This planning application will involve the building of houses on prime agricultural farmland which will have a severe impact on food production. Norwood lane is an extremely narrow country road which is already difficult to navigate due to the number of vehicles and lorries using this as a shortcut between the A227 and Green Lane/Camer road, the latter two are extremely narrow and totally unsuitable for the amount of traffic now and will be more severe with the possibility of extra vehicles owned by the residents of the new houses. Air pollution is likely to have severe consequences for local residents. There is also a great danger to local wildlife including badgers, owls, foxes etc. There is also a great danger in Norwood lane to local dog walkers and horse riders. There is also an extra aspect to be considered when the new Thames crossing is built for vastly extra traffic using this area as cut through traffic to all local main roads. This could be very severe indeed and have a vast impact on the village of both Meopham and Cobham on this area of natural outstanding beauty.

Kind regards
