Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The land proposed is a vital strip of green for wildlife and foraging/ fauna. It is a key wildlife pathway for badgers, foxes, hedgehogs and insects. We have already had protected fungi and jumping spiders identified in the vicinity of Gravesham and without carrying out this EIA we may be placing other endangered species at risk. We need to understand the full impact on the countryside, the impact water table and nature.

Kind regards
