Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Hopefully the result of this screening process will show this development is not suitable for this area.The loss of green belt land and all wildlife therein will be extremely damaging,once it's gone it's gone! The land should be used for agricultural purposes as we need to produce our own food locally and not transport it from areas miles away.

Kind regards
