Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments:

I support the application on the following grounds;

1. The drop kerb and crossover will ease street parking in the immediate area.
2. A shared drop kerb with 22 thong lane will also limit the damage to the verge.
3. There is a precedent as at present on the East side of Thong lane from numbers 1 to 55 all but 1 have drop kerbs and crossovers and on the West side numbers 2 to 14 all have drop kerbs and crossovers and further to that numbers 16 to 50 have 7.

In conclusion discounting the minor Bio hazard and taking into consideration the saving to on street parking which will have major savings in safety hazards due to limiting traffic congestion I support this application.

Kind regards
