Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object severely to this application as there is no consideration for the increased traffic flow and congestion this will cause to residents at peak times .I e Fridays at 1pm There are residential safety issues that need to be addressed here .for example access for emergency vehicles to surrounding areas where inconsiderate parking happens ,and subsequent blocking of disabled access for residents that are disabled .there is no consideration for the blocking of junctions at freeman road and st Hilda's where it is impossible for disabled residents to cross at these times due to incidents of road rage and reckless driving .I personally suffer from anxiety. The fear of a fire in a local residence .and subsequent access issues for emergency vehicles due to reckless driving and parking is a consideration not adhered to in the previous application where upon the council asked for a travel plan that was subsequently submitted ..so kindly consider the people who live here first and how there lives and qell being will be affected
