Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	We strongly object to the proposed plans for the following reasons: The proposed buildings, are much larger than the existing single one storey dwelling. Plot 2 is proposed to be located extremely close to our property border thus blocking our view of open sky, trees and natural light. Our living room, kitchen and diner would lose a significant amount of natural daylight and privacy as we have windows all the way down the facing side of the proposed properties. Plot 1 is proposed to be a 2 storey house rather than a bungalow. This will impact on our view and access to natural light. We will also lose the privacy and seclusion of our living room and garden. We bought our property to live in because of its privacy, seclusion and abundance of natural daylight within the house.
