| Comments:            | Completely out of character for the area to have a gym built on residential ground especially as there will have to be a road built at the side for access which will be yet another access to neighbouring back gardens and theft which we seem to be having a fair share of at the moment. I assume numerous trees would also need to be cut down for these building to go up (not sure if any of them are protected) ? I thought the last application that was put in didn't pass for whatever reasons and this one seems to have even more buildings added? |

Kind regards
