Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This plot is not suitable for development for an array of reasons. Primarily, the loss of rare, mature specimen conifer trees which are well established in the character of the lane, in addition to their role in providing habitat for local wildlife. These trees would need to be destroyed to gain access for development, which cannot be allowed to happen. Furthermore, their ability to maintain privacy amongst a quiet neighbourhood would be lost. Also, the size of the proposed developments far exceeds the size of the plot in question, as I again reiterate the point that privacy will be lost for neighbouring properties, as 2 large houses of these proposed sizes will be overlooking and intrusive to these neighbours homes and their gardens.

Kind regards
