Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Groundwork & fencing has already started although somewhat premature to application agreement.
Several aspects I am not too pleased with regarding the proposed amendment:
1. I would suggest the windows of the utility room be sighted front & rear rather than face on towards mine & my neighbours properties as I have no desire to watch the residents completing their rituals for me to observe.
2. The proposed porch additions do not show dimensions on the submitted plans. In addition they will be restricting my vision of the road as it is currently.
3. No mention of whether the alleyway is to be renewed which backs onto my boundary.
4. As mentioned by me in previous objections I am concerned for the wildlife that are prevalent in my garden especially this time of year as the beginning of the nesting season for birds & other creatures coming out of habitation.
5. My final concerns are that the developer seems to alter his plans going forward in which case is there a likelihood he will propose further changes in the future.

[REDACTED]

Kind regards
