Notes on interpretation

WeBS data are extensive and complex, extending back in some cases over 50 years. Over this time, the scheme has

1. Larger sites are often subdivided into smaller count units (sectors). Two datasets are provided, one with site level
2. Only sites and count units for which you have permission to view are included in the results of your query. If you
3. The way the sites have been subdivided has frequently changed through time. If you are looking for a count of a
4. Recently submitted counts appearing in the count unit dataset may be prone to change, as counters can amend
5. For WeBS datasets that have been published with an Open Government Licence, please see <http://app.bto.org/>

as changed and evolved with the result that care needs to be taken over interpretative issues. If you have
el data and one with count unit level data. The site level worksheet contains data for parent/top level We

given area and it appears to be missing, make sure first that there isn't another sector that might represe
d them. Moreover, at the end of each season, WeBS Local Organisers and the WeBS team at BTO check a

any queries or concerns about interpretation of the counts please contact the WeBS office at BTO who visit WeBS sites, up to the most recently published WeBS year. The WeBS_METHOD column indicates whether the

counts have been validated and validate the counts, correcting any errors that are identified. We ask County Bird Recorders and other

re count is an actual count of the whole site, or a consolidated count combining data from smaller count

's to include the following text in their reports when using the unpublished count unit level dataset: Data i

were provided by WeBS, a partnership jointly funded by the BTO, RSPB and JNCC, in association with WW

VT, with fieldwork conducted by volunteers. Although WeBS data are presented within this report, in som

e cases the figures may not have been fully checked and validated. Therefore, for any detailed analyses c

of WeBS data, enquiries should be directed to the WeBS team at the British Trust for Ornithology, The Nur

inery, Thetford, IP24 2PU (webs@bto.org)
