Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This planning application does not state the beneficiary business but I have been told it will be a McDonald's fast food outlet. I object to this application for the following reasons. It will significantly increase traffic. The former Beefeater hosted customers typically for several hours and so traffic was not significant. A McDonald's will vastly increase the traffic on an already very busy road. It will also extend the hours that traffic volume is significant. There is also a high risk at peak times of queues into the road from the carpark causing obstruction, overspill of parking into nearby streets and risk to pedestrians. There is also a high risk of increased pollution and waste products being littered around the area, including in Woodlands Park just next door. The impact on nearby residents will be significant, including a high risk of property values being hit. In general terms the Gravesham area does not need another McDonald's given that there are already two in the town.

Kind regards
