Reasons for comment:

Comments:	<p>Have your driven along this road? It's already down to 1 vehicle passing as cars are parked either side of the road just passed Helen Allison School Building 120 houses will add potentially 240 vehicles minimum having to pass here. The schools pupils are highly sensitive and the development will cause untold alarm and stress to them. The site has been agricultural farmland for hundreds of years contributing to food supply and wildlife that is part of that eco system. Stop the easy for you to tick a box and look at redeveloping the many brownfield sites along the river in Gravesend and Northfleet that already has the infrastructure to handle what is planned.</p>
