## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>My objections to this development are</p> <p>This development would result in highway safety</p> <p>Traffic congestion in an already crowded area</p> <p>The purpose of a Green belts would is to afford people the right to an unrestricted sprawl of large built up areas</p> <p>It is meant to prevent neighbourhood towns merging into one great metropolis and safeguard the countryside from encroachment</p> <p>The current infrastructure cannot support an additional 150 dwellings with occupancy of at least two people putting strain on services such as schools and hospitals and doctors surgery</p> <p>The only hospital in the area is Darent Valley which already supports Bexleyheath where there is no general hospital With the development of hundreds of housing opposite the hospital placing more strain it will be impossible for it to function in its current state</p> <p>The danger to wildlife and agricultural land</p> <p>This development would mean additional traffic on a small narrow road with a dangerous junction</p>

Kind regards
