Reasons for comment:	
Comments:	I object to 150 houses being built because it is green belt land and it has not been released from the green belt boundary. It will have dangerous access for cars onto a tiny rural lane and will increase traffic in the area. Plus, local side routes are totally inadequate to support diversions when required. It will also visually impact the area and with increased population, it will impact access to buses (which already run a limited and therefore busy service) and trains at peak times!

Kind regards
