Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I object to the building of new houses on this new site. The combination of 3 planning applications in a very small area for over 600 new houses will significantly impact the local area with the great reduction of open green space which is so important for people's health and wellbeing. The infrastructure of roads is not suitable as this is a village with many country narrow lanes off the main road and the number of cars would be over a 1000 added to an already busy area. There is also not the infrastructure of GP surgeries, schools and facilities to support these additional households.

Kind regards
