### Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly object to this proposal. The roads in this area are already overloaded. At school times it already extremely dangerous for drivers and pedestrians. The parking at the local shops cannot cope with the residents that meopham already have. I've lived here my whole life. If I wanted to live surrounded by people and houses i would move to gravesend. The impact on the environment will be devastating also. Is there a plan in place for the wildlife that has lived there for centuries without disturbance? What will happen to the wildlife? Residents of meopham already pay enough council tax to do so, gbc dont even replace our street lights, leave things overgrown and messy. So this new estate will not be maintained properly by gbc going on how they already maintain the village, which is disgusting considering how much they already take from residents in council tax. We don't even have a police station anymore.
