Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Our property backs onto the school field. There are football matches and training every Saturday and Sunday morning directly behind our fence on the school field. These are young children (not from the school) and we are not opposed to this, although the shouting from children and parents can be loud. The proposed pitch will be used until 10pm and all weekend. This will cause excessive light and noise pollution. There will be whistle blowing and noise until 10pm when children are trying to sleep. The nursing home will also be disturbed by this noise and light. The school will be using this as a commercial enterprise more than to provide enrichment for the students. My main objection is the late night and weekend noise this will create and disturb us and all our neighbours.
