INFORMATIVES:-

1 WORKS OF CONSTRUCTION

Hours of work of construction site plant, equipment and machinery, should be restricted to not earlier than 7.00 a.m. and not later than 6.00 p.m. weekdays and Saturday working should be restricted to not earlier than 8.00a.m. and not later than 1.00 p.m. No work shall be carried out on Sundays, Bank or Public Holidays.

- i. Suitable sound attenuation shall be used at all times in respect of all plant, machinery and equipment in operation on site in order to aid prevention of noise nuisance. Compliance with BS 5228: Part 1: 1984 and subsequent amendments regarding the use of equipment on site will be required in appropriate cases.
- ii. A suitable method of control shall be used in order to aid prevention of dust nuisance arising from work activities on site.
- iii. Burning of waste materials shall not be carried out on site. Such materials are to be stored in a suitable receptacle, as far from residential accommodation as reasonably practicable, pending disposal off site.
- iv. Adequate arrangements shall be made to remove all waste material from the site on a regular basis and to dispose of it at a suitably licensed waste disposal site.

2 DEVIATION FROM APPROVED PLANS

It is possible that any proposed deviation from the approved plans could be classed as a 'material' change requiring a further application/permission. In the event that any change is proposed, applicants are advised to seek advice from the Local Planning Authority [as proceeding without the necessary permissions could nullify this permission].

3 BUILDING REGULATIONS AND PARTY WALL ACT

This decision DOES NOT imply any consent which may be required under the Building Regulations or under any other enactment or provision. Nor does it override any private rights which any person may have relating to the land affected by this decision, including the provisions of the Party Wall etc. Act 1996.

4 STATEMENT OF POSITIVE AND PROACTIVE APPROACH TO DECISION-MAKING

In accordance with Article 35 (2) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended), and paragraph 39 of the National Planning Policy Framework (NPPF) 2024, the Local Planning Authority has approached the assessment and determination of this application in a positive and creative way and, where appropriate, has worked pro-actively with the applicant to secure a development that is sustainable and that improves the economic, social and environmental conditions of the area, and that is in accordance with the Development Plan for the area.

5 NETWORK RAIL

Due to the close proximity of the proposed development to Network Rail's land and the operational railway, Network Rail requests the applicant / developer engages Network Rail's Asset Protection and Optimisation (ASPRO) team prior to works commencing. This will allow our ASPRO team to review the details of the proposal to ensure that the works can be completed without any risk to the operational railway.

The applicant / developer may be required to enter into an Asset Protection Agreement to get the required resource and expertise on-board to enable approval of detailed works.

To start the process with our Asset Protection team, the applicant / developer should use the Asset Protection Customer Experience (ACE) system found on Network Rail's Asset Protection website (<https://www.networkrail.co.uk/running-the-railway/looking-after-the-railway/asset-protection-and-optimisation/>). This website also provides more information about our Asset Protection team and the services they offer.

Where applicable, the applicant must also follow the attached Asset Protection informatives. The informatives are issued to all development within close proximity to the railway (compliance with the informatives does not remove the need to engage with our ASPRO team).

Asset Protection Informatives for works in close proximity to Network Rail's infrastructure

The developer must ensure that their proposal, both during construction and after completion does not:

- o encroach onto Network Rail land
- o affect the safety, operation or integrity of the company's railway and its infrastructure
- o undermine its support zone
- o damage the company's infrastructure
- o place additional load on cuttings
- o adversely affect any railway land or structure
- o over-sail or encroach upon the air-space of any Network Rail land
- o cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

Property Informatives

Property Rights

Whilst not a planning matter, we would like to remind the applicant of the need to identify and comply with all existing rights on the land. Network Rail request all existing rights, covenants and easements are retained unless agreed otherwise with Network Rail.

Notwithstanding the above, if any property rights are required from Network Rail in order to deliver the development, Network Rail's Property team will need to be contacted.

Shared Value

It should be noted that where any Network Rail land, rights over Network Rail land, interfaces with Network Rail's land or rights, or variations to Network Rail's land or rights, is required for the facilitation, delivery, or operation of a development, Network Rail will act in accordance with its Shared Value Policy. Network Rail's Shared Value Policy is available online, or via request to

Network Rail Property. Network Rail's Southern Property Team would advise parties seek to raise Shared Value early in discussion with Network Rail, but reserve the right to implement the Shared Value Policy at any time during discussions.

## NOTIFICATION TO APPLICANT

### APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If this is a **householder application\*** which has been refused and you want to appeal against your Local Planning Authority's decision then you must do so within **12 weeks of the date of this notice**.
- For all other applications, refused or permitted, if you want to appeal against your Local Planning Authority's decision then you must do so within 6 months of the date of this notice.
- **For further information regarding Appeals and to make an application please click the relevant link:**  
<https://www.gov.uk/appeal-householder-planning-decision>  
<https://www.gov.uk/appeal-planning-decision>
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

### **\*Householder applications**

These are:

- (a) applications for planning permission for development of an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse, or

- (b) an application for any consent, agreement or approval required by or under a planning permission, development order or local development order in relation to such development

but does **not** include –

- (i) an application for change of use;
- (ii) an application to change the number of dwellings in a building.

### **PURCHASE NOTICES**

If either the Local Planning Authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonably beneficial use in its existing state nor can he/she render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
