Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This 7th application is an absolute disgrace as is the destruction the people who own the land have caused to established trees and wildlife in this area. It should not be allowed and the people involved should be made to stop the work going ahead NOW with diggers etc should be stopped and the full use of the law should be implemented. Allowing residential use would set a precedent for others who think buying a piece of land allows you to do what you want on it when there are rules and laws established to protect our countryside and wildlife. Please act immediately to stop this awful destruction of the countryside!!

Kind regards
