Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The current mosques in Gravesend are stretched thin. This new site is not just about faith, its very much about practical needs. It will very importantly relieve pressure from the other sites and is very accessible for local residents. I implore the council to support this incredibly important community project in a very central location. Kent Highways has not made any issues in this application or the last application so it is very clear that there are no parking issues.

Kind regards
