Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The building is of industrial size and therefore its location within the field should be carefully considered. This is an area of natural outstanding beauty and we need to protect and preserve this. The current proposed location for this building is therefore unacceptable as it is being proposed to be in a prominent position within the field and therefore imposing to the landscape. Consideration should also be given to the noise levels a building of this size can produce and emit to the surrounding area and properties.

Kind regards
