Reasons for comment:	
Comments:	It is quite distressing that this would even be considered. Surely it is absolutely vital that our areas of outstanding natural beauty in rural communities are fully protected. Buildings like this should not be a consideration. There is already a substantial size winery within our village. This has subsequently created more traffic within our single lane roads, and to add further businesses within our village will only add to this problem. We strongly object to this planning. We need to protect our AONB and fundamentally nature.

Kind regards
