I wish to **object** to planning application number **20251233** for the reasons stated below:

The objections detailed below are as dictated by [REDACTED] who at the [REDACTED]

" As someone who travels along New Barn Road regularly, I am concerned about the traffic impact this development will have on this already busy road, on which traffic is regularly backed up to the roundabout access to A2.

Also along this road there are a few narrow points where lorries currently find it difficult to pass, and any construction vehicles would result in this road being congested more often. I am also concerned about the additional traffic in Downs Road, especially near the school, (both during construction and occupation of houses).

The addition of these houses will also add ^{to} pressure of local hospitals, doctors and dentists, which are already over crowded - if you can get an appointment."

Signed:
