Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	for a number of reasons we strongly object to this application. In addition to the sheer illegality of the destruction of the trees in order to deliver a trailer they are continuing to build in full view of public and planning and have shown no regard to nature, neighbours, noise or the legal / planning system. They have broken a high court order in order to continue to build without planning. The dwellings currently there are illegal and no further dwellings of any sort should be allowed. They have no planning why is this even being allowed to go ahead

Kind regards
