5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO?	☐ Yes	☒ No
Are you wishing to carry out works to tree(s) in a conservation area?	☒ Yes	☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

n/a

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

- Tree no.5 - Please refer to supplementary documents provided:

A mature oak situated a third of the way up the bank with one dominant limb in moderately good condition. The tree has a secondary co-dominant stem, off of the main dead limb. Light competition from adjacent trees to the west causing strong phototropic lean, reduced lateral structural development, and preventing uniform growth. Severe lean to the east over the car park.

7. Identification Of Tree(s) And Description Of Works continued ...

As the deformed growth is overhanging the car park, this is proposed to be pollarded by hand tools. Back to the main stem where the initial dead primary stem will remain. Justification of the removal of the limb is to facilitate plant machinery to undertake the resurfacing works. The limb also has a health and safety risk of falling onto the car park and potential users in the future. The longevity of the tree is limited due to the deformed phototropic growth and it succumbing to fall under the weight of the arching limb. The works proposed will have no encroachment within the calculated root protection area of this tree.

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall: ☐ n/a Yes ☐ No
If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ☐ Yes ☐ n/a No
If YES, you are required to provide for:

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)? ☒ Yes ☐ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

See document: Tree pollarding - Tree T5:
