Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The property has always been a residential home, used continuously and lawfully as a private residence since it was built. There have been no changes to its use, and no unauthorized developments have occurred on the site. All buildings on the property were constructed with the necessary planning permissions.

Given that the property has consistently been used as a residence and meets all requirements under Permitted Development Rights, the existing buildings and the proposed extension are lawful.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed side extension follows all the rules for Permitted Development. It meets the size, height, and design requirements, and uses matching materials. Since it fits within these guidelines, it doesn't need formal planning permission. Therefore, a Lawful Development Certificate should be granted.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☒ The agent

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No
