1	One of beauty, peace and tranquility	9/25/2024 12:42 PM
2	Peaceful, quiet, mood uplifting	9/25/2024 12:34 PM
3	Natural beauty	9/25/2024 12:30 PM
4	Unspoilt openness and peacefulness that provides an escape from the stresses of our busy lives . An opportunity to appreciate the beauty of natural landscapes and sunrises	9/25/2024 10:28 AM
5	The landscape is natural and peaceful. There is a lot of ecological biodiversity around us that would be disturbed by more traffic, people, and building, leading to a decline in species abundance and diversity which could negatively effect surrounding ecosystems. Furthermore, the view from sole street is a main characteristic of our home and other homes.	9/25/2024 10:20 AM
6	Scenic, calm, tranquil, natural, calming, helps my wellbeing being a break from it all	9/25/2024 9:17 AM
7	It provides us a rural view and a true feeling of living in the countryside and was one of the main reasons we moved here in the first place	9/25/2024 9:16 AM
8	The surrounding landscape provides a peaceful, beautiful area with uninterrupted views and pathways for residents (and visitors alike) to walk on, ride horses on and appreciate.	9/24/2024 6:53 PM
9	A truly rural view without any large out of character buildings	9/24/2024 1:12 PM
10	An area of natural beauty which creates a superb landscape which has been quietly seen and enjoyed by many generations - often families simply walking - and needs protecting for those into the future. Large vehicles entering from a narrow country lane onto this valley will create a poor and unacceptable intrusion.	9/24/2024 11:43 AM
11	A quiet beautiful tranquil place. A place that I was proud to grow up in and my late father loved very much.	9/24/2024 10:28 AM
12	An area of outstanding natural beauty, quiet and peaceful we need to do everything we can to maintain this, we have already seen the destruction caused by developments in the area, please let's be reasonable and review this enormous unnecessary blight in our amazing country side.	9/24/2024 9:31 AM
13	it is important to me	9/23/2024 11:17 PM
14	Very calming atmosphere. Always feel like I've gotten totally away from it here. Nature. Nothing but nature.	9/23/2024 9:08 PM
15	Unspoilt, accessible and one with nature.	9/23/2024 8:25 PM
16	This landscape as it stands has a calming influence on me and it is important that any development considers the environmental impact in such a beautiful area	9/23/2024 4:52 PM
17	I see it as an area of outstanding natural beauty and should remain so	9/23/2024 4:44 PM
18	I grew up in the village and still live here. I see trees, fields, animals and wildlife.	9/23/2024 3:15 PM
19	The landscape character offers a calm and tranquil environment, where people can reconnect with nature	9/23/2024 3:13 PM
20	The landscape is an open one , in keeping with the rest of the area. Buildings should not be allowed and is encouraging urban sprawl.	9/23/2024 2:46 PM
21	Beautiful, scenic and tranquil. A GEM in Gravesham, unspoilt landscape, no unnecessary noise activity and disturbance. Me and my husband grew up in the area and its always had an almost eerie silence and quietness with nature all around...Great for mental health and wellbeing that's why people live there and visit it	9/23/2024 1:52 PM
22	No man made interference or disturbance from the main areas, iconic view on the main	9/23/2024 1:09 PM

road, very ancient bit of Kent , been unspoilt since time began, probably too nice for Gravesham Council who'll bring it down to their level.

23	Green open space. Peaceful and welcoming	9/23/2024 12:20 PM
24	It's lovely and green, very rural with open fields and views across the Downs and historic byways	9/23/2024 12:07 PM
25	Unchanged in the 74 years that I have lived the parish of Cobham and this application is inappropriate	9/23/2024 10:48 AM
26	The Downs landscape is by definition rolling, the first glimpses being through the hedges in Gold Street, this will be destroyed by the buildings.	9/23/2024 10:21 AM
27	The landscapes from Gold Street with narrow roads trees & fields on either side and views that can be enjoyed as can walks leading to a unique hamlet that is a rarity and should be kept and preserved without extra traffic and people. It's another example of ruination of our countryside so money can be made to further someone's greed and ruin an area of outstanding natural beauty.	9/23/2024 9:19 AM
28	The landscape around us is simply beyond beautiful. We searched and chose this area having spent our earlier lives living on main roads with noise, fumes, daily heavy constant traffic, screaming sirens and bright lights. The landscape here now as residents offers us peace, tranquility, stillness, quiet, evenings of pure darkness, seasonal stunning scenery, nature and a most importantly it offers sense of wellbeing.	9/23/2024 8:59 AM
29	Tranquil and steeped in history. So unnecessary to spoil it for profit and financial gain.	9/23/2024 8:57 AM
30	It is rural, peaceful, and quiet and has been like that for hundreds of years. The history in and around this village, and landscape is huge,	9/23/2024 8:52 AM
31	walking in Luddesdowne, Sole Street area has strong historic values and preserving them should be a priority	9/23/2024 8:36 AM
32	It's peaceful and tranquil with beautiful uninterrupted views across the rolling fields and no obvious man-made structures	9/23/2024 8:25 AM
33	Tranquil orchards producing food for the UK and possibly export, not champagne for financial gain	9/23/2024 8:25 AM
34	A wide open space devoid of any development. A place of solitude to enjoy the setting sun, hear the bird song and view the stars. I walk this way often and enjoy the peace if the countryside away from traffic noise.	9/23/2024 8:00 AM
35	I lived close by for 40 years. The proposed building, in my opinion, should be relocated, redesigned, or hidden to preserve the character of the landscape.	9/23/2024 6:08 AM
36	The landscape was part of beautiful apple orchard, now destroyed, any development of which would be apocalyptic mess, creating unwanted increase in traffic, pollution, noise.	9/23/2024 5:25 AM
37	Beautiful views across to Cuxton which provide tranquility and peace for the mind. The views whilst walking are calming and help my mental health. A building would totally ruin the setting and the loud traffic on roads that are not built for such vehicles would completely ruin the tranquility of the countryside and ruin the beautiful walking area.	9/22/2024 10:32 PM
38	Uninterrupted undulating historic countryside.	9/22/2024 10:21 PM
39	A rural landscape where it is pleasant to walk.	9/22/2024 8:56 PM
40	From our bedroom window we can see fields and trees and on a fine day we can see right across to the cornfield next to Camer Park. There is always something new to look at as the light changes with the seasons of the year and the weather. We've lived in this house for nearly 40 years and we never tire of the view. It's really peaceful and beautiful here and it's great to see the kids doing their D of E expeditions in the spring and summer months. There are also walkers, cyclists, horse riders and runners enjoying the natural surroundings. It's a great place to live.	9/22/2024 8:16 PM
41	Beautiful, unspoilt.	9/22/2024 7:33 PM
42	Rural and calming	9/22/2024 7:21 PM
43	Ancient farmland with gently rolling landscape supporting a lot of wild life.	9/22/2024 5:58 PM
44	History, tradition, calm, peaceful, very different from anywhere near because its beautiful, open and unspoilt. View is unique for a village.	9/22/2024 2:18 PM

45	The orchards and fields of blackcurrant were a gorgeous sight on Gold Street years ago ! A real pleasure after the Brussels sprouts and spring onions of my youth ! No one appears to have challenged the size of this building being not fit for purpose? The number of bottles suggested in production and the building proposed just don't stack up ! Why not become more informed on the manufacturing process of wine and bottling ?	9/21/2024 11:02 PM
46	A unique view over a lovely Green Belt/farmland	9/21/2024 10:51 PM
47	Peacefull and tranquility love watching the birds and much evidence of badgers.	9/21/2024 9:58 PM
48	It's agricultural land and therefore growing grapes is no different to growing apples pears etc.. even those fruit have to be harvested and collected by transport so I see no reason why this site is any different .. Kent barns are actually nice especially if they have the famous Kent horse on top.. lovely feature .. at least it would be in keeping with country .. others end up with a motorway or block of flats as their view ! Main thing is public footpaths are maintained.	9/21/2024 8:11 PM
49	Keeping Farmland is important, as is farming progress If that means a work building/barn is required to support that then yes I support it. I'd rather that, than it become wasted land and has a block of flats and a housing estate on it. It's farmland whether orchard or vineyard.	9/21/2024 7:20 PM
50	This landscape was very formative to my character and outlook on life as a young man, with walks around the area abidingly etched on my memory. The North Kent Downs are outstandingly beautiful, and this area in particular has a feeling of calm, which lifts the soul.	9/21/2024 7:10 PM
51	Beautiful walks, peaceful. The rolling hills are amazing, still unspoilt. I'd be worried using the footpath with my daughter with all the traffic as it quite a blind spot there, and it wouldn't be nice to see it when coming from Meopham either. Ots a lovely unspoilt area that's been looked after to keep it natural. It should stay that way.	9/21/2024 7:04 PM
52	Lovely peaceful old countryside, unspoilt views, tranquil and natural. Great place to go for a walk and escape from it all. Bit of an oasis of calm.	9/21/2024 6:53 PM
53	A beautiful area, so far unspoilt and deserves to be kept so. A lovely view across fields as far as the eye can...	9/21/2024 6:51 PM
54	Green trees and hedgerows, uninterrupted fields of crop or orchards, clean, quiet and peaceful with birds and wild life scuttling along.	9/21/2024 6:32 PM
55	In sole street we already lost one footpath to the side of station when some put a fence up preventing assess and have a storage facility there also inappropriate for a tiny village (actually a hamlet as not big enough to be a village) I was told when I moved here 24 years ago since then there's a block of flats soon to become a relic of the past another concrete jungle nature and all its beings need some were to live too leave our villages be	9/21/2024 4:55 PM
56	Any development should be limited to appropriate farm buildings and only towards the railway lines	9/21/2024 4:09 PM
57	Nature as it's best; natural beauty gives a sense of one with nature. Good for mental wellbeing. Good for nature and wildlife. Manmade unsightly ugly buildings; lighting; traffic! This will ruin the village and surroundings for everyone and everything.	9/21/2024 2:35 PM
58	We regularly enjoy walks through this area, it is absolutely beautiful and a key area for wildlife	9/21/2024 1:18 PM
59	It's a beautiful place	9/21/2024 12:42 PM
60	Luddsdown and sole street are one of the few surviving natural landscapes in gravesham, we need to preserve this area as the surrounding areas are built up and the natural habitat is destroyed in these areas we need to preserve the natural habitat of these areas for the safety of the wildlife.	9/21/2024 9:40 AM
61	Luddesdown in my opinion is a unique and special place and the scenic beauty, natural sounds and it's significant landscape needs to be protected now and for the future	9/21/2024 9:13 AM
62	Beautiful landscape and with developments like they propose will only disappear	9/21/2024 8:47 AM
63	With no high buildings which destroy the view	9/21/2024 8:21 AM
64	Outstanding beauty I have visited 55years	9/21/2024 8:19 AM
65	Unspoiled	9/21/2024 8:14 AM
66	A beautiful landscapes of rolling fields, hills and orchards which is currently totally unspoiled	9/21/2024 6:34 AM

68	The beginning of our relationship with the land. Connects us to nature. Tranquil, beautiful, calm,soothing.	9/20/2024 10:42 PM
69	Tranquil, timeless, natural, untouched, historic. Looks into the past. Very special.	9/20/2024 10:23 PM
70	Just gorgeous rolling green hills .peaceful calming natural habitat unspoilt	9/20/2024 10:23 PM
71	This area is a beautiful part of the Kent countryside. To desecrate it with a wine bottling facility is a horrendous proposal. An appropriate site would be on an industrial estate. Not our precious farmland.	9/20/2024 10:17 PM
72	A beautiful unspoilt view of the Kent countryside	9/20/2024 9:40 PM
73	Beautiful natural landscape providing habitats and a wider ecosystem for wildlife. A place that provides respite from urban areas, with amazing views over the countryside as you drive into Luddesdown or walk along several footpaths in the area. (Which we have walked with our dogs for nearly 40 years)	9/20/2024 9:32 PM
74	A beautiful peaceful ancient Cherry Orchard, the very fabric of rural heritage.	9/20/2024 9:10 PM
75	The landscape is beautiful and peaceful	9/20/2024 9:02 PM
76	It's lovely and tranquil, with beautiful uninterrupted views across undulating fields; it's always a pleasure to be able to go out for a jog or walk with the family in such a rural scene	9/20/2024 8:55 PM
77	The landscape is unique. A beautiful natural site with a wealth of natural wildlife. Special sites that bring together history and wildlife and habitats, as well as a picture perfect view is what keeps this area unique. Kent English countryside has a 'look' that is unique to this area in the UK - this location epitomises this look. We need to protect this. Once gone it is gone.	9/20/2024 7:07 PM
78	Natural features and rolling fields	9/20/2024 7:00 PM
79	The views across the proposed Gold Street bottling plant site are some of the few remaining undeveloped in this part of Kent. They bring peace and a sense of wonder which could be lost forever if this development goes ahead.	9/20/2024 6:58 PM
80	Clear view, no buildings unless they are old farm buildings.	9/20/2024 6:55 PM
81	Countryside uninterrupted views of fields and woods	9/20/2024 6:55 PM
82	I moved to the area because of its beauty and remote feel. There are few places, even locally, which provide the same rural and undisturbed natural environment. I was walking my dog recently with my daughter and we commented on how lucky we are to be able to have such wonderful views across the fields. It is a haven for wildlife, when the only thing disturbing the peace is the birdsong.	9/20/2024 6:47 PM
83	Peaceful	9/20/2024 6:41 PM
84	Very picturesque	9/20/2024 6:19 PM
85	Natural tranquility with a sense of peace	9/20/2024 6:17 PM
86	Greenery, trees, birds, frost in the winter	9/20/2024 6:12 PM
87	I am fairly new to the area and one of the deciding factors to move to Luddesdown was for its landscape and scenery. If this disappears, Luddesdown and the surrounding areas will lose its identity	9/20/2024 6:05 PM
88	Scenic and tranquil. The rolling hills of the North Downs are a key part of the AONB in this area, and a large building at the top of such a hill would not enhance or improve the natural beauty	9/20/2024 5:44 PM
89	Heading along Gold Street to Luddesdown, stunning rolling hills welcome all to the countryside.	9/20/2024 4:33 PM
90	The landscape is paramount to the preservation of pockets of rural England. The landscape is a patchwork of agricultural land uninhibited by forced and unsympathetic structures.	9/20/2024 3:55 PM
91	Stunning.	9/20/2024 3:47 PM

95	calm, beautiful.	9/20/2024 1:07 PM
96	Very natural, peaceful and tranquil. Far from the madding crowd. Undisturbed and undisturbing.	9/19/2024 9:24 PM
97	Peaceful, calm, quiet, open, natural, tranquil, soothing,	9/19/2024 8:56 PM
98	Beautiful, peaceful, still, calm, natural - radiates nature not man. The feeling of having natural land around you with few man made interruptions.so rare in this part of Kent. Very tranquil.	9/19/2024 7:38 PM
99	Wide open natural spaces, peaceful, serene, no disturbance intrudes, natural to admire, a strong historic sense with no intrusion of machinery or forms of industry. Everything needs to have its place. It's remarkable how free of clutter and intrusion it has managed to be for 1000 years. At night time it is completely dark when the moon isnt out, and very quiet with the sounds of owls, foxes disturbing pheasants and very, very little else. Being so close to major areas of population and roads it is all the more distinctive for it.	9/19/2024 7:26 PM
100	Open fields , butterflies , birds and flowers . I do not want the area to become further industrialised as is the case in and around the Golden Lion	9/18/2024 4:19 PM
101	Open space with quiet	9/18/2024 2:57 PM
102	Unspoilt, natural, rural England, beautiful and peaceful with a sense that our ancestors lived amongst the same landscape as we do today	9/17/2024 10:12 PM
103	A natural, unspoilt landscape which is becoming increasingly rare in the England of today	9/17/2024 10:11 PM
104	Just beautiful fields	9/17/2024 9:27 PM
105	The landscape must have open views, across open countryside, in order for ALL people to enjoy it (not just those from Luddesdown). The area is a vital escape for many people from the surrounding locality. People come for open spaces and the freedom of being in the uninterrupted countryside. Unnecessarily large buildings detract from the experience of open countryside.	9/17/2024 8:49 PM
106	Beautiful landscape with a strong ecological presence.	9/17/2024 7:36 PM
107	Mixed orchards, pastureland, open fields and woods	9/17/2024 5:40 PM
108	Tranquil and peaceful. Give me a sense of relaxation and peace following a hectic week at work. Farmland or unspoiled landscapes provoke a sense of restfulness and is good for my m ed Beal wellbeing	9/17/2024 5:05 PM
109	Beautiful	9/17/2024 4:42 PM
110	I see the landscape as quiet and peaceful. When we came here in 1970 there were cherry trees in the orchard behind us, so peaceful to look at and it wasn't until the 1980s early 1990s that the land was sold to an apple farmer and we had beautiful blossom every spring. We would often walk the footpath across the orchard, over the old railway bridge and through the field to the old Weald Way. Always so quiet and peaceful.	9/17/2024 4:33 PM
111	Unspoilt natural beauty.	9/17/2024 3:53 PM
112	The landscape in this area needs to remain protected. In the last three or four decades it has changed considerably including Eurostar and so what will it look like in another 40 years?	9/17/2024 2:37 PM
113	The area is ultimately rural and the character of the proposed site was originally orchards, of which Kent is famous for, with views of fields & woodland and footpaths in between. There are no buildings spoiling the view of the fields beyond. Development of the site further with planting of a vineyard is not the issue in itself, however the associated development of a large bottling plant is not in keeping with the area of natural beauty and is a creeping form of industrialisation of the countryside. It is of such a size that is totally out of proportion to the field it occupies. It will be a blot on the character of the landscape forever changing it.	9/17/2024 2:29 PM
114	A bucolic countryside setting, that triggers a sense of calm and peacefulness.	9/17/2024 2:07 PM
115	Is lovely the way it is	9/17/2024 1:43 PM
116	Once you've pulled into gold street this is where the area of anob starts for me. After living in Luddesdown as a child and now using the cock inn free house. The area has always been very special to my family. This proposed area isn't designed for a bottling up plant or more traffic. This would be a total disgrace not only with noise forklifts,tractors ,long working hours and more general traffic. The impact since the winery has bought up most of the farms locally and the golden lion pub is one of a greedy mindset not one for a anob or	9/17/2024 11:49 AM

respectful for local residents. Totally disagree with this commercial type enterprise. Anywhere in Luddesdown maybe take it to a commercial setting where it belongs. Snodland just not Luddesdown.

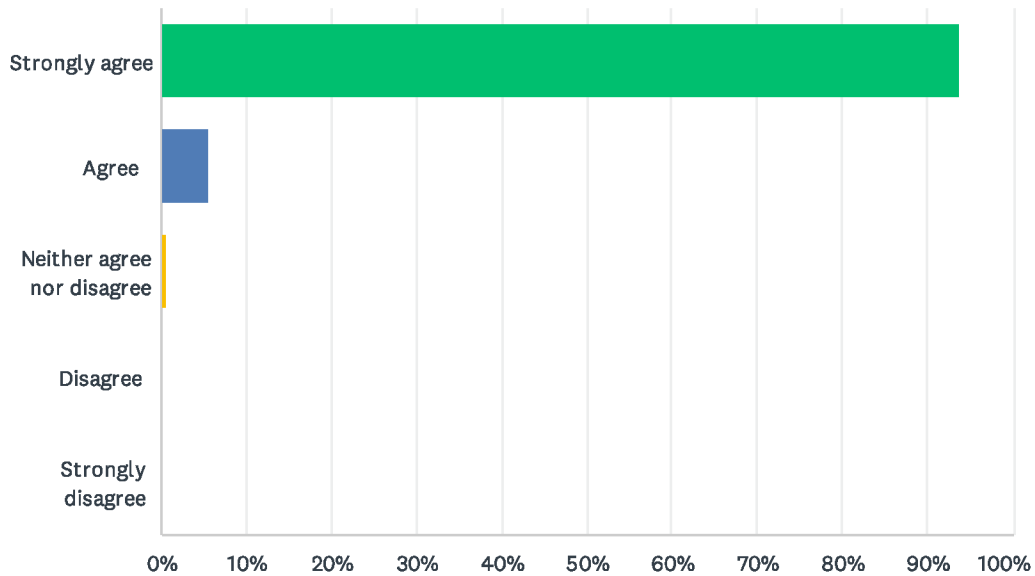

117	I see it as an area of natural beauty. It is peaceful and calming and seems "far from the madding crowd" when in actual fact we are relatively close to main line station and moterways	9/17/2024 10:56 AM
118	A tranquil environment free from the noise and vibration of commercial vehicles or unduly increase traffic's and footfall and where proposed development does not detrimentally impact the local environment.	9/17/2024 10:35 AM
119	This area is and ANOB that should not be allowed to be interrupted.	9/17/2024 10:12 AM
120	Open views across long established fields and orchards	9/17/2024 10:11 AM
121	Open, tranquil, peaceful, natural.	9/17/2024 10:09 AM
122	Beautiful countryside quite rightly unspoilt	9/17/2024 10:06 AM
123	This area of North Kent is precious as it embodies centuries of life on the North Downs. Rolling hills, fields and hedgerows are all central to that feeling of countryside wellbeing	9/17/2024 9:50 AM
124	I always picture it full of apple trees or crops, with the view of the fields behind it and the sound of dog walkers and workers coming from the rows. I measure the passing of the seasons and years with the cycle of replanting the orchards, it's one of my favourite spots	9/17/2024 9:44 AM
125	Open, natural and beautiful.	9/17/2024 9:18 AM
126	Healthy places mean healthy people. Access to nature and wonderful views delivers a wealth of proven benefits to my health and others wellbeing. One in three of us don't have nature near our home..In the most disadvantaged communities, there is little or no green space at all, this landscape shouldn't be changed with a ugly building all to generate income... the noise pollution, HGV vehicles travelling up the lanes while I walk my dog I will be killed.. we are destroying are greener places for commercial..if they want to build something like this go to a industrial state!!!!	9/17/2024 9:17 AM
127	Flowing countryside leading into the beautiful Luddesdown valley.	9/17/2024 8:59 AM
128	Use it for growing of crops, and nature walks.	9/17/2024 8:57 AM
129	Idyllic, tranquil and a place I want our families and friends to enjoy the beauty around us, looking after and respecting nature.	9/17/2024 8:45 AM
130	Lovely views across the fields beautiful peaceful landscape	9/17/2024 8:40 AM
131	essential	9/17/2024 8:36 AM
132	It beautiful to look out of natural landscape, field, farm. It's what make kent the garden of England. We will lose that title keep building on our green land.	9/17/2024 8:16 AM
133	I see the landscape as a part of the countryside that could do without another ugly industrial type of building that is completely out of character within these surroundings	9/17/2024 8:16 AM
134	Undulating countryside, farmed fields with hedgerows with footpaths giving access	9/17/2024 7:59 AM
135	Beautiful, good for mental health	9/17/2024 7:53 AM
136	Beautiful and untouched. Forms part of the garden of Kent	9/17/2024 7:43 AM
137	The landscape is beautiful, full of habitats for the insects and animals, it's quiet and picturesque, and for something like this to come and destroy their habitat, is disgusting.	9/17/2024 7:43 AM
138	It's a beautiful area with gentle twisting country lanes full of various hedgerows, trees and wide life.	9/17/2024 7:33 AM
139	Beautiful, calm and natural	9/16/2024 10:43 PM
140	Peaceful, quiet, scenic, lacking in disturbance. Almost bucolic and otherworldly/serene. No intrusion from man made activities in or around the village. Deeply rural, and ancient - distinctive being so close to the A2/M2.	9/16/2024 10:04 PM

1	If interrupted the site would lose it's natural beauty and distinctiveness.	9/25/2024 12:42 PM
2	One of the last bits of Kent that really is the Garden of England, rolling hills, unblemished views, iconic scenery, great walks, natural views everywhere you look	9/25/2024 9:17 AM
3	The area is a truly rural and valuable landscape. Any large or distinctive building would completely spoil the view and the ambience of the area.	9/24/2024 1:12 PM
4	Arising from the descriptions above sites of this natural landscape require full protection into the future and not have an intrusion, perhaps even initially small, intruding into the peaceful power of enjoyable natural beauty that has grown and been enjoyed over the centuries.	9/24/2024 11:43 AM
5	An amazing, historic site and surrounding area, a true example of the garden of Kent.	9/24/2024 9:31 AM

7	This proposed development would completely ruin the harmonious and natural beauty of the existing landscape. It is totally unacceptable.	9/23/2024 3:13 PM
8	Big space with only nature on with no horrible backdrop of anything just nature. Beautiful picture setting, looks like England of old and sets the tone for the whole area and village.	9/23/2024 1:52 PM
9	North Kent Downs known for the hills, you don't stick a building on top of one where its seen for miles, put it somewhere else. Don't be greedy. And the lovely big wide open space looking into the distance with old traditional buildings on Sole Street will be spoilt.	9/23/2024 1:09 PM
10	From the Sole St road and along Gold Street it lovely to see and appreciate the open fields and rural, tranquil setting away from urbanisation and away from industrialisation	9/23/2024 12:07 PM
11	This is not an appropriate development for many reasons ranging from commercial need to blighting the area	9/23/2024 10:48 AM
12	The orchard is a visual gateway into the ANOB and includes a footpath leading to the developing woodland/downland landscape.	9/23/2024 10:21 AM
13	It will be ruination of one of the most beautiful areas in what's left in North Kent - a tragedy if it happens.	9/23/2024 9:19 AM
14	This area forms a distinctive part of our local countryside. It's right smack bang in the middle of it all and a bottling plant will just be a barnacle on the landscape.	9/23/2024 8:57 AM
15	The proposed site is a view into the rural nature of the surrounding, as you come down into Luddesdown from Gold St. The line of the hills, the land that has been used for arable farming and livestock, it is a gateway into the rural community that live here.	9/23/2024 8:52 AM
16	currently in this area there is very little light pollution, if this 'factory' was to be approved the whole area would be destroyed. Only the other night we walked in the area late evening and there was no light pollution, only the sound of wildlife. The evening was still and to think that we could lose this is very upsetting. The local community lives to protect and me living outside the immediate area allows me to visit one of the only areas with the borough and know I can enjoy the countryside. These areas are vital for our mental health	9/23/2024 8:36 AM
17	It's a rural unspoilt, undulating, quiet landscape with open views and hedgerows which local residents and visitors all appreciate	9/23/2024 8:25 AM
18	A wide open space with footpath and views over open land. A wonderful place to study the night sky away from the lights and noise of traffic. A tranquil space to enjoy the natural environment	9/23/2024 8:00 AM
19	The proposed building should be redesigned, relocated or hidden in order to preserve the character of the area.	9/23/2024 6:08 AM
20	The hamlet of Sole Street, Cobham is connected to the rest of the parish at Luddesdown via Gold Street which is the location for the proposed bottling site. The location of this enormous construction would be visually like a giant carbuncle on the landscape ! It would visually impair the Area Of Outstanding Natural Beauty and the harmonious cover of landscape. The area is important to the enjoyment of tranquility of residents and visitors alike. The bottling plant would not only be visually repugnant and out of character with the agricultural area but interrupt the road network with increased traffic and noise. The proposed location of the bottling plant would further require car parking, disruptive to all who transit the field as walkers, dog walkers, photographers, nature lovers & tourists via the provided by public right of way across the meadow. It would also increase the use of artificial light.	9/23/2024 5:25 AM
21	The wide range of trees, crops, plants and wildlife is natural to the area.	9/22/2024 10:21 PM
22	There are the most beautiful sunrises and sunsets over the fields and in the early morning, particularly in Autumn and Spring, mist forms just above the grass which has ethereal quality. Although we're near other houses, sometimes it seems as if we are completely alone. We love living here and our children have fond memories of their time growing up here.	9/22/2024 8:16 PM
23	Wide open views next to the village , Old traditional buildings with lots of nature, no working industry, just peaceful. Lovely hills, no buildings or traffic. The walks are very quiet and peaceful. I worry the traffic will affect the public paths in the fields, older people will find it off putting, especially if traffic crosses, could be dangerous too.	9/22/2024 2:18 PM
24	This proposed bottling plant building does not equate to the proposed production suggested at all ! They could ship that much out in a transit van in a week ! They just don't need it - take the grapes to a set up facility a save money and local upset !	9/21/2024 11:02 PM

25	Words are inadequate to convey the beauty of this landscape and its features.	9/21/2024 7:10 PM
26	That view from the village is what I always associate with it. It's very quiet and eery and its like a nature reserve with nothing spoiling it.	9/21/2024 7:04 PM
27	Rustic, historic, lovely big wide and wild field with nothing in sight beyond, catches the sun in the evenings. Nothing like it round these parts, Gravesham. The walk back from Meopham is stunning and there is nothing you can see on the hills except nature.	9/21/2024 6:53 PM
28	The wildlife that would be affected is deviating to think of we have deer that roam in the winter bee hives all around the local villages rabbits fox's nesting all around there are breeding stoat's The noise of a bottling plant would cause all local birds animals to move with expanding motorways there's not much green space left I'm proud to say the local villages have no light polution so on a clear night we can star gaze wich is amazing to be able to do bottling plant would kill that too it would be the death of our peaceful Lovely little vilages and all of nature that shares it	9/21/2024 4:55 PM

32	Open and green with outstanding views.	9/21/2024 8:14 AM
33	Real historic and one time farm buildings sympathetically adorning a wide open and long reaching views into the rolling hills for which the village is known and named. A signature view unlike any other, with the seasons turning the pages of time.	9/20/2024 10:42 PM
34	Long, wide open views of a rural habitat that comes into the village like a peninsula. Beautiful through the seasons. A clock that tells the time of nature. Spiritual.	9/20/2024 10:23 PM
35	It's such a beautiful untouched piece of country side that this building will blight it's looks and remotness	9/20/2024 10:23 PM
36	From my house, garden I look out across a historic rural scene, the proposed site will be in my view as I sit in my home/ garden. Shocking and unnecessary, a bottling plant is available one mile away, silver hand vineyards. There is no need for this development. Simple.	9/20/2024 9:10 PM
37	I enjoy the lovely view I take many walks over to Cobham cemetery to visit my husbands grave and enjoy the peace and tranquility as I walk	9/20/2024 9:02 PM
38	It's a beautiful quiet place, very rural and with lovely uninterrupted views of the North Downs landscape. All you see is greenery.	9/20/2024 8:55 PM
39	The views from this site convey the extent of the undulating landscape in the area together with the boundaries formed by the various woods.	9/20/2024 6:58 PM
40	Luddesdown is a RURAL area. With RURAL views of the entire landscape. Houses/buildings are mostly in dips so do not obstruct views. Green belt is supposed to be GREEN	9/20/2024 6:55 PM
41	The view across the valley would be interrupted. The sunset views each evening are undeniable.	9/20/2024 6:47 PM
42	The proposed site reveals the first glimpse of the beautiful, rolling countryside views.	9/20/2024 4:33 PM
43	The landscape has been farmed for centuries without the need to construct agricultural buildings unsympathetically and obstructively.	9/20/2024 3:55 PM
44	Very wide open views top of the hill, brings rural feel into and around villages and roads. Top of hill is lovely when walking back from Meopham, or through village to train station.	9/19/2024 9:24 PM
45	Big open space that comes into the village on 1 side and far reaching expansive views to Meopham on the other side of the valley with amazing natural views that follow landscape up and down	9/19/2024 8:56 PM
46	Wide open views, the public rights of way are amazing you feel like you are stepping off into an alternate universe where the countryside is and there is nothing artifical for miles around.	9/19/2024 7:38 PM
47	The landscape seen from the main Sole Street road has a huge wide open view, of grassland and meadow, and is dotted with old historic farm buildings, and opens up to views to the horizon that leave the mind open to the beauty of the what lies beyond. When the sun rises over it, it is quite phenomenal and harmonious. No other local village has a National	9/19/2024 7:26 PM

Landscape that injects such scenic natural beauty into its heart. It's very much a signature landscape in the area and walkers on the Wealdway will often stop and take pictures.

48	The views across this site towards the horizon look largely untouched and a true representation of our historic rural landscape	9/17/2024 10:12 PM
49	There are very few 'natural' areas of the North Downs which enable ordinary people to roam and enjoy the countryside, without cost. Whilst there may be a number of parks on the Downs (Trottiscliffe, for example), these offer a different experience to natural countryside. The need for open, walkable, natural spaces cannot be underestimated; they are fundamental to mental health and the sense of freedom in nature. The walks and views around Luddesdown are enjoyed by people across the Gravesham area, and beyond. It is no coincidence that many Duke of Edinburgh groups arrange trips here for diverse groups of young people! Following footpaths through fields and woodland, away from traffic, development, cafes, and other trappings of 'developed' parks is something that cannot be replaced once lost. It is the natural heritage of this area, and we must hold onto it before it is too late.	9/17/2024 8:49 PM
50	Just totally the wrong setting there must other alternatives	9/17/2024 11:49 AM
51	This view from Cobham when unobstructed epitomises the Kentish countryside and contributes to a sense of wellbeing	9/17/2024 9:50 AM
52	I love to see the field used for its agricultural purpose, but the proposed building would destroy that. As the main road into Luddesdown; the view of that field is the first impression for many walkers, visitors and passers by. It should be preserved.	9/17/2024 9:44 AM
53	having grown up in the area, would be disappointing to see another tranquil and scenic spot lose out and have the see the regions natural landscape, fields and woodland, be lost to a commercial development.	9/17/2024 9:20 AM
54	Beautiful area for walks in a AONB and landscape and new builds will ruin these views	9/17/2024 8:40 AM
55	The landscape is beautiful, full of habitats for the insects and animals, it's quiet and picturesque, and for something like this to come and destroy their habitat, is disgusting.	9/17/2024 7:43 AM
56	The open views to the national landscape are exceptional. Fronted by semi-rural grazing land it looks into the distance where the Luddesdown valley begins. The scenery is rare in that no other local village has a landscape like this that sits in its heart. People stop to take pictures. Then landscape permeates the villages and there is a balance between them. The sun rises over this landscape and provides a uniquely natural element that cannot be replicated. The feeling is of an area that has not changed in centuries. Framed by rustic farm buildings and Gold Street, with Greenlands discretely on the right, the long distance views prevent the village from being enclosed or feeling suburbanised. The site where the building is proposed can be viewed from many miles around, particularly down in the valley and also across the valley towards Meopham. Walkers on public rights of way would be able to see it, whereas the landscape and hills are currently unspoilt, as they have been for centuries.	9/16/2024 10:04 PM
57	The fields where the winery is proposed is currently a wonderfully quiet field with a well used pathway.	9/16/2024 9:25 PM

77	This is why we don't need a village green - we have a National Landscape that intrudes into the heart of our village and brings a sense of a natural habit to where we see ourselves living. It's as simple as that. Everyone here lives on the land, not by the land. The wildlife shares this space with us, the rabbits, badgers, pheasants, foxes and even deer, not to mention everything else. The people of Luddesdown and the surrounding areas kissed by the AONB have a relationship with the land that is far more primal than if they lived in Istead Rise or Meopham. The wildlife and animal share this land with us, it's English country life.	9/19/2024 7:26 PM
78	Skylarks nesting	9/18/2024 4:19 PM
