Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Strongly object to this entirely process. Taking advantage of weekends and bank holidays. Destroying ancient trees. Tarmacing green belt land. Building on land under false premises as they apply for planning on the wrong plot. This whole application should be rejected on account of the breaking of a high court injunction and subsequent deliberate (?) erroneous applications with conflicting plot lines. How can you as a council allow this to proceed ?? So much damage has already been done. Some irreparable. You have a chance to correct the is and make a precedent against criminal behaviour. This is green belt land. As many aerial shots made public have shown The scale is incredibly large and should be reviewed appropriately. The scale is not appropriate nor is it appropriate to the landscape. Sole street is small hamlet unable to sustain this level of development or gypsy lane allocation. For a borough with a population of over 100000 and over 38 square miles we implore the council to provide suitable locations across the borough. There has already been a huge impact on nature and biodiversity with huge areas of green space and trees tarmaced. We implore you to refuse this application, refuse any retrospective and address the illegal settlement immediately
