FAO: Lisa Fisher

Dear Lisa,

County of Kent Act 1981 Section 53
Re: 68 Whitehill Road, Gravesend, Kent, DA12 5PH.

Thank you for your email dated 01 October 2024. Following my assessment of Fire and Rescue Service emergency access provisions for application number 20240855, I would like to make the following observations.

Upon reviewing the plans available on the Dartford planning portal, I note the main access road appears to be unaffected by the proposed changes to the existing premises. Therefore, it is in my opinion, that the emergency access requirements under the above act appear to have been met.

Please be aware that should this proposal be successful it would then be subject to a Building Regulations consultation where the access arrangements would again be examined under section B5.

Fire Service access and facility provisions are a requirement under B5 of the Building Regulations 2010 and must be complied with to the satisfaction of the Building Control Authority. A full plans submission should be made to the relevant building control body who have a statutory obligation to consult with the Fire and Rescue Service.

If you require any further advice, please contact this office using the details above. Please be aware that the Building Safety office hours are 09:00-17:00 Monday to Friday.

Yours sincerely,

Peter Takamizawa
Trainee Fire Engineer
