Reasons for comment:	
Comments:	I am writing to object against this building. The proposed building is being put on an area of outstanding beauty and is not in keeping with the area. The size of the building is far too big and where it will be situated will mean it will be seen from miles around and will spoil a beautiful area. The noise that will come from the building and the security lighting will ruin the tranquillity of the area and disturb the local wildlife and the people who live next door to it. I am also worried that this building will mean even more lorries going through our village and using lanes and roads that aren't designed for such vehicles. These lorries will disturb the people who live in Sole Street Village. I think if you allow this building, it will cause a precedence and will lead to more of this area being built on.

Kind regards
