Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I would need to understand how the local infrastructure would cope. Specifically, both nearby shopping parades in Meopham already have totally inadequate parking, which results in dangerous parking activities. There would need to be a significant expansion of parking facilities or a commitment to much better enforcement (long-term). The exit from Green Lane on to Wrotham Road is already problematic, resulting in Norwood Lane and Tradecant Drive being used as rat runs. School time runs clog up Longfield Road and Wrotham Road. The A2/Wrotham Road interchange (and further to the Morrisons Roundabout) is overloaded, with the A2 being severely congested during rush hour. The routes through Sole Street onto either Jeskyns Road, Round Street and White Post Lane are wholly inappropriate for any increase in traffic. Local infrastructure is already inadequate, and as such, large-scale additional housing is impractical and dangerous.
