Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I am objecting due to the fact that since this facility has been up and running we have endured endless amounts of times where floodlights and noise continue until 10pm, sometimes later than that during the week so I struggle with the owners asking for permission to extend their times when they have been flaunting the rules right from day one. I live [REDACTED] to this facility and the noise and language late at night at times has been horrendous, as like I said previously, this until 10pm and sometimes past that has been going on since it was up and running. As for a clubhouse to my knowledge there isn't one and I for one hope there never will be as traffic in this area is bad enough and the noise from a clubhouse along with extra traffic and the floodlights and language would make living adjacent to it a living hell.

Kind regards
