Reasons for comment:

Comments: This development is close to a busy shopping area and accident blackspot in the village. Adding additional traffic to this area will make it even more dangerous than it already is. During school pick up times this area is extremely busy and the A227 is often congested. Often the traffic diverts off onto single traffic lanes which can become gridlocked. The development is adjacent to a conservation area and will have a huge visual impact on it. It will also will also put a strain on local resources including commuter trains, schools and GP services.
