Reasons for comment:

Comments:	<p>Meopham has insufficient infrastructure to support this proposal and cannot cope with an influx of population.</p> <p>The A227 already generates a significant amount of traffic and an increase of vehicles will increase the load and add to the gridlock that is already generated when there are roadworks or drivers use the A227 as a cut through between the A2 and M20.</p> <p>Longfield Road already generates a heavy volume of traffic and given the narrowness of the road and the close proximity of the two schools, constant gridlock will be the order of the day!</p> <p>This development also undermines the purposes of green belt land; which is safeguarding the countryside and preventing the merger of neighbouring villages. The impact on the environment, air pollution and noise pollution will last for years.</p> <p>This proposal will most certainly destroy the character of Meopham village.</p>
